Dear Fellow Scholars on Tonghak (Donghak)/Chondogyo:

International Conference on Donghak Revolution will be held in Seoul on 9/12/06. It is a review of the studies on Donghak and Donghak Revolution throughout the world. I was asked to speak

my topic. If you or others that you know have done works in the area of my concern, please contact me ASAP, sending your/their email addresses, the titles of the works, and reference sources, etc.
I have contact with several scholars (Bell, Kallander, Carl Young, and Beirne) already and collected some materials from them. I already have some materials of Weems, Noh Jung-sun, Kim Chong-suh, and Chung Chai-shik. However, when I searched Dissertation Abstract site on

Rhee, Heng Dong; Jun, Hyun-Shik; Kim, Dongno; Chung, Tae-shin; Cho, Chan-rai; Nagano, Shinichiro; Yoon, Hyung-sook; Kim, Han-gu; Chung, Kiyul; An, Sang Jin. I found most of them in KEY (Tonghak) and some in KEY (Donghak). If you are one of these scholars or if you know them, please contact me immediately, providing your/their email addresses so that I may contact to get some information.
Your help will be deeply appreciated.
